INVITATION

It is a great pleasure to bring your attention to the 12th Congress of the World Federation of Societies of Intensive and Critical Care Medicine in collaboration with the WFCCN and WFPICCS, which will be held from August 29 to September 1, 2015, in Seoul, Korea.

Established in 1977, the WFSICCM is an organization comprised of over 70 societies of intensive and critical care medicine and a combined individual membership of over 70,000 practitioners. The WFSICCM Seoul 2015 is the second WFSICCM congress being held in Asia since the 5th WFSICCM, which was held in Japan in 1989. Around 3,000 experts from 90 countries are expected to participate in the congress in Seoul, making it a platform for in-depth discussions of the latest research studies on intensive and critical care.

We believe that the WFSICCM Seoul 2015 will also be a platform for delivering practical support and insight to participants under the theme, “One Step Further.” Various small group discussions and workshops will be held, tailored to every level of intensive and critical care to complement our scientific program. Additionally, it is our goal to encourage a larger number of intensive and critical care practitioners from developing countries to attend this congress by lowering the registration fee.

To offer a more comprehensive and specialized congress, we are pleased to organize an exhibition in association with the WFSICCM Seoul 2015. We believe the exhibition will provide great opportunities to promote your businesses through showcasing of the cutting-edge medical equipment and technology, and sharing of the latest findings.

We always appreciate your contribution to intensive and critical care medicine, and dearly look forward to your distinguished presence in the 12th Congress of the World Federation of Societies of Intensive and Critical Care Medicine in Seoul 2015.

Thank you.

With warmest regards,

KOH Younsuck, M.D., Ph.D., FCCM
Chairman, WFSICCM Seoul 2015 Organizing Committee
Professor, Medicine, Medical Humanities and Social Sciences, Department of Pulmonary and Critical Care Medicine, University of Ulsan College of Medicine

LEE Kook Hyun, M.D., Ph.D.
Exhibition Committee Chair, WFSICCM Seoul 2015 Organizing Committee
Professor, Anesthesiology and Pain Medicine, Seoul National University College of Medicine
ABOUT THE HOST ORGANIZATIONS

The WFSICCM was established in 1977 and is a membership organization comprised of National Societies of Intensive and Critical Care Medicine. The WFSICCM now has a membership of over 60 societies with a combined individual membership of over 55,000 intensive and critical care practitioners throughout the world. The principle objective of the World Federation is to promote the highest standards of Intensive and Critical Care Medicine for all mankind, without discrimination. The WFSICCM has been trying to foster international collaboration in intensive and critical medicine because of the growing international focus of disease. (http://www.world-critical-care.org)

KSCCM The Korean Society of Critical Care Medicine

The KSCCM was founded in 1980 as an organization to support the efforts of clinicians in their practice and development of critical care medicine in Korea. Since its establishment, the KSCCM has been growing considerably for 30 years, and now has 1,500 members. The KSCCM has also been one of the member societies of the World Federation Societies of the Intensive and Critical Care Medicine (WFSICCM) as a representative for Korea.

The KSCCM’s mission is to ensure that all critically ill patients achieve their desired outcome by receiving treatment, through the delivery of the safest, most professional, ethical & humane methods possible. (http://www.ksccm.org/eng/)
